

Before you Buy...

ask yourself these questions.

Q: Where will my machine be manufactured and assembled?

A: KWM gutter machines are manufactured and assembled in Rockdale, IL, USA.

Q: How long has the manufacturer been in business?

A: KWM has been manufacturing gutter machines for 25 years and has over 50 years experience in the gutter industry.

Q: Where will I be able to get service for my gutter machine if needed?

A: For KWM machine owners, KWM does more than 60 free adjustment days across the United States every year. That's right; just show up, and get your KWM product adjusted free whether or not it is under warranty!

Q: What is the warranty on my new gutter machine purchase?

A: KWM's warranty is the best in the business: Three years' parts and labor on all parts and components. KWM warranties all parts of the machine, not just parts manufactured by KWM. It is simple; if it breaks, it's covered.

Q: Is my new gutter machine designed to last?

A: KWM gutter machines are designed and manufactured for the long haul; all critical forming rollers are hard-chromed for durability and wear resistance.

Q: If I need parts or accessories are they in stock?

A: KWM manufactures and stocks all of our own parts.

Q: Whom do I call if I have a problem?

A: If your machine was purchased through a servicing distributor, they can most likely help you, but here at KWM, we are always available to answer any question you may have.

Q: Is this the best machine for the money?

A: There is a reason KWM sells more gutter machines than any other manufacturer in the world; KWM builds the best gutter machines and our service is second to none.

Q: Can I visit the manufacturing factory?

A: KWM has an open door policy; you are welcome for a free tour of our factory. We are very proud of our state of the art facility here in Rockdale, IL. Free training is also available at our factory when you purchase a KWM product.

Q: Should I buy my machine through a servicing distributor?

A: There are many benefits of buying through a servicing distributor, such as, local support, KWM adjustment days, and loyalty to your coil supplier.

Q: Does my manufacturer offer special profiles and custom machines?

A: KWM has more than 30 custom profiles you can use to set your company apart from your competition.
