

GUTTER OPPORTUNITIES

KWM Gutterman Inc.

Manufacturing the best, built to stand the Test

KWM Gutterman Inc. is the largest manufacturer and No. 1 seller of gutter machines in the USA. With more than 50 years of experience in the manufacturing and service of gutter machines, KWM crafts the highest quality roll forming products on the market today.

A family-owned and operated business, KWM proudly manufactures its entire line of machines in the USA at its 40,000 square foot, state-of-the-art facility, 45-miles southwest of Chicago. Adhering to its family values, integrity and a particularly home-grown style of doing business, KWM has consistently expanded operations. They now sell gutter machines globally in five continents: North and South America, Europe, Africa and Asia.

Expansive product line: KWM Gutterman offers one of the most extensive lines of gutter machines available on the market today. The KWM product line features:

Next Generation Smart Machines: Voted a **Top 5 Product** by the readers of *Gutter Opportunities*. Let this machine

do the work for you by controlling gutter lengths plus or minus 1/8-inch without manually measuring. Available on all IronMan models:

- IronMan 5-inch and 5-inch Jr.
- IronMan 6-inch and 6-inch Jr.
- IronMan 5/6-inch Combo and 5/6-inch Jr. Combo
- IronMan 7-inch Fascia
- IronMan 6-inch half-round
- Panther 5-inch and 6-inch

KWM recently introduced three new models:

- **IronMan 8-inch O.G.:** This machine takes the O.G. gutter to the next level by producing an 8-inch O.G. (or K-style) gutter using 20-inch .032-inch to .040-inch aluminum and 24-gauge steel.

- **IronMan 6-7-inch O.G. Combo:** KWM is proud to be the only manufacturer to offer a 6-7-inch O.G. style combination machine in the IronMan passive roll-forming designed platform.

- **IronMan half round reverse/traditional bead combo machine:** available in 5-inch and 6-inch profiles.

KWM currently offers 34 gutter profiles, with more in development.

Rock solid guarantee: KWM Gutterman offers the most comprehensive gutter machine warranty in the industry:

- 3-years parts and labor on all mechanical components
- 1-year parts and labor on all electrical components.
- IronMan Next Generation Machine has a 5-year warranty on electrical components. **GO**
